## The Power of Search Technology

Worldwide Information offers a full line of CD and DVD software products using data direct from registries of motor vehicles to provide identity validation services that are unmatched in the industry. Worldwide Information's search software allows you to perform unlimited searches on secure, confidential software with no internet connectivity issues and no per-search fees!

Our software is designed specifically for law enforcement, licensed investigators, security firms and towing companies.

## "Invaluable Information"

With Worldwide Information's database search solutions, incomplete information is often all you need to track down your subject or identify a motor vehicle. A few digits of a license plate or an old mailing address can now lead you to the location and description of a motor vehicle and or the current address of an individual.

One price. Unlimited searches. Confidential.
